

Panel Discussion

As part of the **EU GREEN Board of Rectors Meeting** taking place in Magdeburg, we would like to cordially invite you to the **panel discussion “Advancing Higher Education – The Role of European University Alliances in Driving Digital Transformation and Innovating Future Teaching Paradigms”**.

Experts from various European University Alliances will take part in the discussion and address the question of what role European University Alliances play in the further development of higher education.

Attend in person (Lecture Hall 1) or via YouTube livestream (no registration required): <https://www.youtube.com/live/Nr4sEsksx7k>

The event is open to all interested persons. We look forward to your participation and to taking a joint look at current developments in the European higher education landscape.

In addition, on **Tuesday 5 May 2026 (2.00 - 3.30 pm, Student House)**, we are hosting an **EU GREEN Student Café**. The event offers students an open and relaxed space to chat over a coffee or tea and explore the question **“What does Europe mean to you?”**.

With kind regards,
EU GREEN Team at OVGU
