

# Leibniz Lecture

**PROF. FLORIAN MORMANN**  
**UNIVERSITÄT BONN**

We would like to invite you to the lecture by distinguished guest speaker **Florian Mormann from the University of Bonn**, who will present **“Concept neurons in the human temporal lobe are the semantic building blocks of episodic memory”!**

In his lecture, he will provide insights into neural foundations of our episodic memory.

**16.06.2026**

**11:00 a.m.**

**LIN | Ebbinghaus  
Lecture Hall**
