ACADEMY

Getting Started

Doctorate & Postdoc @OVGU

The Graduate Academy invites scientists who are new to OVGU to an [open information and discussion session on ZOOM](#). After an overview of the structure and tasks, and a little insight into the not so obvious responsibilities, there will be enough time to answer individual questions. We cordially invite you to get to know OVGU in general and the Graduate Academy's services in particular, so that your start will go as smoothly as possible. We speak English and German.
